Glendale Irrigation Company
c/o Mr. Joseph F. Smith, President
Glendale, Utah.

Long Valley

Gentlemen:

REL: VIRGIN RIVER DISTRIBUTION.

This will acknowledge receipt of the undated letter signed by presidents of the Glendale Irrigation Company, Orderville Irrigation Company, and Mt. Carmel Irrigation Company, petitioning the State Engineer to appoint Ervin Hoyt of Orderville as Water Commissioner to distribute the waters of the Virgin river through Long Valley.

Your petition is incomplete since it fails to designate the rate of pay per day which you are recommending Mr. Hoyt receive, and it fails to designate when his services are to begin. In order to make the record complete, I am forwarding to you a Resolution, which has been filled out in part, upon which you are to recommend Mr. Hoyt as Commissioner. If and when this Resolution is filled out completely and signed by the interested water users, as provided on page 2, and properly dated, I will then be in a position to appoint Mr. Hoyt as your Commissioner. You will note that Mr. Hoyt is to sign at the bottom of page 2, designating his willingness to accept the position.

You will note under Paragraph 4 of the Resolution that the water users interested are to pay Mr. Hoyt direct and without recourse whatsoever to this office for his services in distributing the waters of the system. If and when this be done, the only money which need be paid for the operating of the system through the State Engineer's office is as shown in Paragraph 5, i.e., there must be received in this office before an appointment is made \$5.00 to pay the premium of the bond which the Commissioner must carry, as required by law.

The Resolution should be signed by all of the irrigation companies and as many of the individual users as you are able to contact. If there be not sufficient room for signatures in the space provided on page 2, you may add a flyleaf to the Resolution. Upon receipt of the Resolution properly filled out and signed, as above noted, together with the \$5.00 to cover the bond, the appointment will be made without delay.

Yours very truly,

2/fm
Encl. Resolution
